Marlene,

I am writing in reference to the 63.71 Application of CommuniGroup of K.C., Inc. We received notice from CGI on 02/21/06. If the FCC authorizes the discontinuance of service on 02/28/06 as has been requested consumers will only have at the most (5) business days to choose & transition to a new long distance carrier.

To allow consumers adequate time to make an informed decision and to allow adequate transition time, I would like to ask that the effective date be no earlier than 03/15/06.

Cordially,

Steve Williams
